Second Languages:

- Having credit for a second language (eg. French, German) is NOT required **for graduation**
- *However...* some post secondary institutions still require a language 11 credit for entrance. It is YOUR responsibility to verify if the post secondary program you want to pursue requires a language 11
- How do I get my language credits? --French 9, 10, 11; Intro. German 11, German 11, Language Challenge exams
- If you speak and write French, Spanish, Punjabi, Mandarin, Korean or Japanese you can apply with the Delta School District to write the Language Challenge exam (apply in November)

Electives:

- You have 4 elective choices in grade 11 (3 for FI students)
- It is of utmost importance that you go on to the W.J Mouat website (under Student Services, Course Planning, Course Selection Guide) and **read** the course descriptions carefully before you choose your courses
- Pick your electives based on interests, passion, career or post-secondary path, or just to have fun learning a new skill
- Ensure that you meet any prerequisites

Post-secondary considerations:

- This is the time to start researching options and requirements for post- secondary institutions
- Since each post-secondary and each program has differing, specific, and constantly changing requirements, it is impossible to summarize or generalize entrance requirements
- Each post secondary institution has a website that clearly outlines requirements for students entering from high school
- It is YOUR responsibility to ensure that you have the course and mark (%) requirements for entrance. Ms. Solgaard in the Career Centre can assist you but you'll need to do some of the leg work on your own.

Next steps:

- * Read all course descriptions on the school website
- Discuss options with your parent/ guardian
