The Ministry of Education and Child Care announced that it would be allocating \$60 million in one-time funding to school districts to increase food security for students and their families, and to support students, parents, and guardians with affordability concerns. The Abbotsford School District has received \$1.9 million in one-time funding to make the return to school more affordable for students and families.

**We are looking for feedback on how this money can best support the specific needs of families in the community.**
