How to Complete Grade 11

Required vs Elective Course

Some courses you must pass and others you do not in order to graduate.

For example, you must pass English 11 before you can do English 12.

Summer School

Some courses you can take in summer school and others are not offered.

AVS/Online

Discipline and determination

If you know that you have failed one of the required courses in semester 1 and you did not repeat it in semester 2, you must sign up for that course when you are selecting courses for next year.

Indigenous Content

Sometime between grade 10 to 12, you must complete at least one Indigenous focused course in order to graduate.

This means that you could take an English First Peoples 10, 11, or 12

OR

A Social Studies option: Contemporary Indigenous Studies 12 or BC First Peoples 12

Did you know...

- You must pass one Fine Art (Music, Art, Drama) or Applied Skills course (Business, Drafting, Foods, Textiles, Metal, Wood, Power Technology, Electronics and Robotics) at the grade 10, 11, or 12 level before you graduate. *Languages, Fitness & Conditioning, Outdoor Ed., PE, Student Leadership, Work experience and Journalism do NOT count as a Fine Art or Applied Skill credit*
- If you plan on having a support block or study block (grade 12 **only**), still choose 8 courses and your counsellor will make adjustments later.

Languages and Post Secondary

- Having credit for a second language (eg. French) is NOT required for graduation.
 - *However...* some post secondary institutions still require a language 11 credit for entrance (SFU, UBC). It is YOUR responsibility to verify if the post secondary program you want to pursue requires a language 11.
 - You will need Intro Spanish 11 + Spanish 11 to fulfill the language 11 entrance requirement for UBC. SFU will accept Intro Spanish 11 for direct entry.
- How do I get my language credits?
 - French 9, 10, **and** 11 or Intro Spanish 11 **and** Spanish 11 or Language Challenge exams.
- If you speak and write Farsi, French, Spanish, Punjabi, Mandarin, Korean or Japanese you can apply with the Delta School District to write the Language Challenge exam (apply in October each year).

Electives

- You have 6 elective choices in grade 12.
- It is of utmost importance that you go on to the W.J. Mouat website (Parents & Students → Student Services → Course Planning → Course Selection Guide) and **read** the course descriptions carefully before you choose your courses.
- Pick your electives based on interests, passion, career or post-secondary path, or just to have fun learning a new skill.

You build the timetable

The courses we offer are based on what you and your peers choose now! This is your best opportunity to get the courses you want. In August, the timetable is already built and you will have to choose from whatever has space available.

So make wise choices now.

Languages

You do not need a language 11 to graduate; however, SFU and UBC do require a second language for entry.

Bachelor of Arts program from UFV requires a second language credit prior to UFV graduation if not completed in high school.

Course Planning Guide

Go to the WJ Mouat website to get detailed descriptions of each course and to make sure that you have the correct prerequisites.

- Since each post-secondary and each program has differing, specific, and often changing requirements, it is impossible to summarize or generalize entrance requirements.
- Each post secondary institution has a website that clearly outlines requirements for students entering from high school
- It is YOUR responsibility to ensure that you have the course and mark (%) requirements for entrance. Ms. Solgaard in the Career Centre can assist you but you'll need to do some of the leg work on your own.
- Use Education Planner BC
